Chief Editor's Note

The JOURNAL OF RESEARCH IN HEALTH SCIENCE (JRHS) is an open access, peer-reviewed, international journal that provides rapid publication of research articles, review articles and short communications. The journal focuses on major issues of Health Sciences, medicine and dentistry, nursing and health professions, pharmacology and toxicology, pharmaceutical science, veterinary science and veterinary medicine. Founded in 2017 by an interdisciplinary group of academics, the JRHS is an interdisciplinary journal published entirely in the English, Hebrew, French, Russian languages. In acknowledgement of the widespread topics, the JRHS will be hosting the topical academic studies monthly.

The journal seeks to foster debate among interdisciplinary scholars with its numerous and diverse fields. Furthermore, we are proud to have such scholars in our Editorial Board, which is composed of professors from various-leading universities.

As the editorial team of the JRHS, we would like to express our appreciation for the response to our efforts in establishing this academic platform. I would like to thank the members of the Editorial Board for their valuable assistance and suggestions during the preparatory phase of the first issue of the journal.

In conclusion, I would like to thank all prominent members of our Editorial Board and Editorial Council for joining us in this new fascinating and promising academic project.

Dr. Maysha Israel, Editor-in-Chief
